ABSTRACT

Focusing on five priority areas for 1996-98 identified by the Illinois Community College Board (ICCB), this report describes outcomes for the areas as of January 1997. Following the mission and vision statements of the ICCB, outcomes are described for the following goal areas: (1) ensuring a focus on teaching and learning, including objectives related to the development of a Center for Teaching and Learning, a statewide leadership development program, and statewide curriculum models; (2) ensuring that all Illinois residents have access to higher education opportunities, including objectives related to expanding distance education, providing university classes on community college campuses, and improving recruitment and retention; (3) documenting performance and effectiveness, including objectives related to implementing uniform financial reporting and outcome measures systems and improving accountability measures; (4) providing leadership in the development and continuation of a sense of community and partnerships, including objectives related to promoting cooperation between educational institutions at all levels and improving public understanding of the college system; and (5) acquiring and effectively utilizing resources for the community college system, including objectives related to improving funding levels, strengthening the System Foundation, and improving student aid. For each of objective, the report provides an overview; lists of divisions and staff involved; and a chart of activities, proposed completion times, and status as of 1997.

MISSION

The mission of the Illinois Community College Board, as the state coordinating board for community colleges, is to administer the Public Community College Act in a manner that maximizes the ability of the community colleges to serve their communities, promotes cooperation within the system, and accommodates those state of Illinois initiatives that are appropriate for community colleges.

VISION STATEMENT

In carrying out its mission, the Illinois Community College Board affirms its commitment to the "educational development of all persons to the limit of their capacities," as established in the Illinois Constitution. The Board further affirms its commitment to provide leadership and direction to the community college system in ways that maximize local autonomy, but which assure that each local institution is allowed an equal chance of success. The Board accepts its role as a coordinating agency and believes that, in this role, it is an integral partner with local boards of trustees in providing a framework for successful learning experiences for all residents of Illinois.

The Board commits itself to the following vision of the community college as a place where:

- ▶ teachers take pride in teaching, students take pride in learning, and the focus is quality and excellence;
- ▶ a passionate thirst for new knowledge is instilled, both in students and in staff;
- ▶ society's values can, and must, be shaped and revised by community colleges where leadership, integrity, humanity, dignity, pride, and caring are purposefully taught and modeled;
- ▶ the experiences of students are directed toward developing each of them as informed, responsible, and contributing citizens and employees;
- ▶ the responsibility for accountability is accepted eagerly;

- ▶ expressions and manifestations of bigotry, prejudice, and denigration of character are intolerable;
- ▶ no individual is inherently more important than another, and each is provided with an equal opportunity to achieve success;
- ▶ actions are focused on interdependence, collaboration, and inclusiveness ~ "community" in its broadest sense;
- ▶ communities are assisted in identifying and solving problems such as substance abuse, crime, child abuse, and a variety of conditions that undermine and destroy their fibre;
- ▶ the boundaries of our communities are extended to countries around the world, and international interdependence is nurtured.

GOALS AND OBJECTIVES FOR FISCAL YEARS 1996-1998

In addition to its routine responsibilities, the Illinois Community College Board has identified special goal areas in which to focus its attention. The selection of these goals is based on issues which are of high priority for the community college system and which relate to the Board's mission and the system's vision.

For fiscal years 1996 through 1998, five goal areas have been identified: **teaching/learning, student access and opportunity, accountability, community, and resources.** The Board officially adopted these goals and their corresponding 21 objectives in June 1995. The goals are synonymous with the themes identified in the system's strategic plan, *Vision 2000*. Work plans specifying activities to accomplish each goal and objective have been developed and are included in this document for the reader's information. The work plans will be assessed on a biannual basis to determine progress toward the goals, as well as to determine what adjustments need to be made to best accomplish the goals.

The following pages provide an overview of each of the goals, the objectives, activities, time lines, staff assignments, and anticipated outcomes for 1996 through 1998 and the status of each activity as of December 30, 1996.

ILLINOIS COMMUNITY COLLEGE BOARD
GOALS AND OBJECTIVES FOR FISCAL YEARS 1996-1998

GOAL: TEACHING/LEARNING

TO ENSURE THAT TEACHING/LEARNING REMAINS THE FOCUS OF THE COMMUNITY COLLEGE SYSTEM.

OBJECTIVES:

1. To continue to promote an efficient and effective workforce preparation program that meets the needs of the local communities and that fully integrates community college programs with the public schools and businesses and industries of the state and region.

Starting Date: July 1995

Completion Date: June 1998

Evidence: Comprehensive set of initiatives to encourage effective implementation of workforce preparation plan.

Status As of December 30, 1996: Interagency workforce plan was developed and endorsed by the ICCB. School-to-Work partnerships have been formed. Three workforce grants, including an Education-to-Careers grant, were funded in fiscal year 1997. A grants workshop was conducted by ICCB staff and interagency workshops were held. A Business/Industry Center brochure was produced and included on the ICCB Website. Manufacturing extension center training was conducted. The program approval process was revised to incorporate work-based learning concepts. Common Performance Management System is being introduced to the system. Workforce preparation awards were presented.

2. To improve teaching through study projects, research, train-the-trainer, and staff development activities provided through a Center for Teaching and Learning.

Evidence: Establishment of Center for Teaching and Learning; statewide teaching/learning conferences; and teaching/learning awards.

Status As of December 30, 1996: Centers were conceptualized. Two regional distance learning centers were funded through 1997 HECA grants. Regional consortia have been encouraged to develop staff development programs. The FY 1998 higher education budget request includes \$2.0 million for the development of technical skills of community college faculty and staff within the credit hour grant line. The annual Teaching/Learning Conference was held, and the Teaching/Learning awards were presented. Teaching/learning initiatives information has been identified for inclusion on the ICCB Website.

3. To improve leadership and management of community colleges through a statewide leadership development program.

Starting Date: July 1995

Completion Date: June 1998

Evidence: Statewide leadership conferences; statewide leadership program.

Status As of December 30, 1996: Public universities have been encouraged to establish community college leadership programs. The University of Illinois has expanded its program, and SIU-C and ISU are developing a cooperative leadership program for community college administrators. Regional higher education consortia have developed professional development activities. An annual ICCB leadership conference was held in November 1995 and one is being planned for March 14, 1997. Program approval/PQP/Program Review, Grants, MIS, and MEC workshops have been conducted.

4. To improve curriculum by development of statewide curricula models for developmental and remedial education and manufacturing/industrial technology.

Starting Date: July 1995

Completion Date: June 1998

Evidence: Statewide model curriculum for manufacturing/industrial technology; and statewide model for developmental/remedial education.

Status As of December 30, 1996: The adult/remedial education study has been designed to provide information for development of statewide curriculum model. A survey of remedial and adult education was sent to the colleges in

December and student data from ICCB data files are being analyzed. The manufacturing/industrial technology project scope was developed, information compiled, and panel convened to develop draft model curricula. The panel has been meeting since April 1996.

5. To improve transfer of community college course work to other colleges and universities.

Starting Date: July 1995

Completion Date: June 1998

Evidence: Model transfer curricula.

Status As of December 30, 1996: IAI panels continue to meet and a list of statewide articulated courses is being developed. Articulation models have been developed for agriculture, art, business, computer science, criminal justice, education, engineering, music, nursing, and psychology. Four new discipline area panels have been convened to articulate English, mass communications, speech, and theater.

WORK PLAN

GOAL: TEACHING/LEARNING

OBJECTIVE #1: To continue to promote an efficient and effective workforce preparation program that meets the needs of the local communities and that fully integrates community college programs with the public schools and businesses and industries of the state and region.

DIVISION(S): Programs, Policy and Planning, Executive

STAFF: Ivan Lach, Lynn Burger, Carol Lanning, Zach Mathew, Darcy McGrath, Preston Morgan, Scott Parke, Barb Risse, Walter Woodhull

ACTIVITY	TIME LINES	STAFF	STATUS
1. Work with other state agencies to develop a coordinated workforce preparation strategy for Illinois.	June 1995- June 1998	(Evans) Lach Burger	Interagency workforce plan has been developed and endorsed by the ICCB. Interagency workshops have been conducted.
2. Develop local School-to-Work (Education-to-Careers) partnerships within each community college district that include high schools, SDAs, adult education providers, social service agencies, and businesses and industries to work collaboratively to enhance workforce preparation for all individuals within the community.	June 1995- December 1996	(Evans) McGrath (Vespa) Burger	41 partnerships have been formed. Partnerships are in process of developing local education-to-careers implementation plans. State steering committee is in process of seeking federal funds, anticipated July 1997.

ACTIVITY	TIME LINES	STAFF	STATUS
<p>3. Develop and implement an ICCB Education-to-Careers grant for distribution to all the community colleges for use in developing local partnerships that address school-to-work.</p>	<p>October 1995- June 1997</p>	<p>McGrath (Vespa) Burger Lach (Evans)</p>	<p>Three workforce preparation grants totaling \$11.15M were funded in FY97 budget; Workshop was held 5/30/96 to disseminate information.</p>
<p>4. Articulate additional tech prep programs between the secondary schools and the community colleges in occupational fields that continue to have high labor market demand.</p>	<p>July 1996- June 1998</p>	<p>McGrath (Vespa)</p>	<p>The concept of integration of academic and occupational education at the community college is being reviewed and clarified; an identifier for Tech Prep students has been added to the AI reporting system.</p>
<p>5. Develop strong coordinated relationships between the state's One-Stop Career Center Network and the community colleges to enhance the access to community colleges' employment training programs for all students.</p>	<p>January 1996- July 1997</p>	<p>(McGrath) Morgan Lach (Vespa)</p>	<p>A process for creating satellites to the one-Stop Centers at every community college has been developed. The ICCB JTPA grant has been refocused to provide funding for this initiative.</p>
<p>6. Establish technology/telecommunications connections between the state's One-Stop Career Center Network and community colleges to enhance information on labor market trends, occupational skills requirements, and education and training opportunities to all learners within the community.</p>	<p>July 1996- June 1998</p>	<p>(Hart) (Allen) Mathew McMillan</p>	<p>Hardware specifications for this network have been identified and described. State agency representatives have met to coordinate activities.</p>

ACTIVITY	TIME LINES	STAFF	STATUS
<p>7. Increase the number of small- and medium-sized businesses receiving assessment services, customized training for employees, and assistance with management and production processes provided by the business/industry centers at community colleges.</p>	<p>October 1995- June 1997</p>	<p>(Evans) Lach Morgan</p>	<p>Coordinated placement of community college system advertisement and feature article in Illinois Business magazine which went to 26,000 Illinois businesses. Procured funding for production of 5,000 copies of article and advertisement that will be given to general assembly members and community colleges for their distribution.</p>
<p>8. Develop coordinated technical assistance outreach services for manufacturing firms involving the business/industry centers at community colleges and the Coalition for Manufacturing Performance through Technology (COMPETE) extension centers.</p>	<p>June 1995- June 1997</p>	<p>Morgan (Hart)</p>	<p>Project COMPETE has been replaced by IMEC. Memorandum was sent to presidents to inform them of the change and Rock Valley College staff will give IMEC presentation at January 1997 Presidents Council meeting in Rockford.</p>
<p>9. Participate in the development of occupational skills standards with the Illinois Occupational Skills Standards and Credentialing Council and disseminate these standards to all community colleges in Illinois.</p>	<p>June 1995- June 1998</p>	<p>McGrath Burger</p>	<p>Standards for eight occupational clusters endorsed by IOSSCC; dissemination process is being finalized.</p>
<p>10. Utilize the new occupational skills standards in the ICCB program approval process and in the ICCB program evaluation system to ensure that these standards are being integrated into occupational/technical programs within the community colleges.</p>	<p>June 1996- June 1998</p>	<p>Burger Lanning McGrath (Risse)</p>	<p>Skills standards incorporated into revamped program approval form. Use of skills standards in program approval and program review addressed at 12/96 workshop.</p>

ACTIVITY	TIME LINES	STAFF	STATUS
<p>11. Work with community colleges to adopt and pilot test the Common Performance Management System to measure the student outcomes of community college programs.</p>	<p>June 1996- June 1998</p>	<p>Parke Lanning</p>	<p>Presented information and received feedback at MIS Workshop, IL Association for Institutional Research, and AACC meetings. Phase II Pilot of Workforce Program Participants is underway.</p>
<p>12. Increase the priority of work-based learning experiences for students enrolled in community college programs by integrating work-based learning as a criteria for ICCB program approval and ICCB program evaluation.</p>	<p>October 1995- June 1998</p>	<p>Burger Lanning McGrath (Risse)</p>	<p>Work-based learning incorporated into revamped program approval form. Use of work-based learning in program approval and program review addressed at 12/96 workshop.</p>
<p>13. Recognize community colleges that develop outstanding workforce preparation initiatives by presenting them with the ICCB Award for Excellence in Workforce Preparation.</p>	<p>May 1996 May 1997 May 1998</p>	<p>Morgan Lach Burger McGrath (Vespa) Woodhull</p>	<p>Fiscal year 1996 awards presented at 5/17/96 ICCB meeting. Will begin preparation of 1997 award application in January/February 1997. Application will be distributed in March and awards presented in May.</p>

WORK PLAN

GOAL: TEACHING/LEARNING

OBJECTIVE #2: To improve teaching through study projects, research, train-the-trainer, and staff development activities provided through a Center for Teaching and Learning.

DIVISION(S): Programs, Executive, Policy and Planning

STAFF: Ivan Lach, Andi Berryman, Darcy McGrath, Virginia McMillan, Yvonne Singley, Cherie VanMeter, Bev Waldrop, Walter Woodhull, Executive Director

ACTIVITY	TIME LINES	STAFF	STATUS
1. Conceptualize the Center for Teaching and Learning	January 1996	(Evans) Exec. Dir. Woodhull Lach	Concepts, purposes, and needs for a center or centers for teaching and learning in the community colleges have been discussed with many groups within the Illinois community college system to develop a unified system concept.
2. Collaborate with Foundation Executive Director to research public/private funding sources to support development of the Center for Teaching and Learning	July 1996	Woodhull (Evans) Exec. Dir.	Research occurring; inquiries made; list of potential private foundations produced.
3. Prepare proposals for funding the Center for Teaching and Learning	August-September 1996	(Evans) Exec. Dir. Woodhull	On hold; however, two statewide teaching/learning centers were funded through HECA funds in FY 1997.

ACTIVITY	TIME LINES	STAFF	STATUS
4. Encourage state universities in Illinois to develop continuing education and graduate programs for community college faculty that focus on the teaching/learning process.	July 1995- June 1997	(Evans) Lach	Discussions were held with several universities. The University of Illinois has utilized ICCB input to expand its leadership program. SIU-C and ISU are developing a cooperative leadership program for community college administrators.
5. Encourage the regional higher education consortia in Illinois to develop regional staff development programs and continuing education opportunities designed for community college faculty that focus on the teaching/learning process.	July 1996- June 1998	McMillan Lach	FY 1997 HECA RFPs encouraged regional staff development programs.
6. Cosponsor an annual Teaching/Learning Conference.	October 1995 December 1996 December 1997	Singley Waldrop McGrath	Annual Teaching/Learning Conferences were held in October 1995 and November 1996.
7. Recognize three community colleges for outstanding teaching/learning initiatives.	October 1995 October 1996 October 1997	Singley Lach McGrath Berryman Risse Woodhull	Awards were presented in October 1995 and 1996.
8. Disseminate teaching/learning initiatives information to community colleges by Internet.	May 1996	(Allen) Waldrop (Hart) VanMeter Mathew	Over 100 teaching/learning websites reviewed; sorted for eventual inclusion on ICCB Website. (Information on ICCB award winners is being put on the ICCB website.)

OBJECTIVE #3: To improve leadership and the management of community colleges through a statewide leadership development program

DIVISION(S): All Divisions

STAFF: Executive Director, Pat Aulich, Lynn Burger, Ivan Lach, Carol Lanning, Virginia McMillan, Preston Morgan, Scott Parke, Mike Srbijan, Walter Woodhull

ACTIVITY	TIME LINES	STAFF	STATUS
1. Encourage public universities in Illinois to establish community college leadership programs that include continuing education and graduate degrees for community college personnel.	July 1995- June 1997	Exec. Dir. (Evans)	Discussions were held with several universities. The University of Illinois utilized ICCB input to expand its leadership program. SIU-C and ISU are developing a cooperative leadership program for community college administrators.
2. Establish a process to provide ongoing input and advice to public universities on their community college leadership programs from community college presidents, administrators, and trustees.	June 1996- June 1998	Exec. Dir. (Evans)	ICCB staff are working with Presidents Council Leadership Committee and Trustees Association.
3. Encourage the regional higher education consortia to develop regional staff development and continuing education opportunities designed for community college administrators.	June 1996- June 1998	(Evans) McMillan	FY 1997 HECA RFPs encouraged regional staff development.

ACTIVITY	TIME LINES	STAFF	STATUS
4. Conduct annual leadership conferences on topics of importance to the community college system and the students served by the system.	November 1995 March 1997 March 1998	Woodhull McMillan All Divisions	Annual leadership conference held in November 1995. Plans are underway for a March 1997 conference.
5. Coordinate workshops and institutes (PQP/Program Review, MIS, MEC Training, etc.).	Ongoing	McMillan Lach Lanning Burger Parke (Hart) Morgan All Divisions	Grants workshop held 5/30/96. MEC training conducted 4/96. MIS workshop held 7/96. Program approval/PQP/program review workshops held 12/95 and 12/96.

WORK PLAN

GOAL: TEACHING/LEARNING

OBJECTIVE #4a: To improve curriculum by development of statewide curricula models for adult and remedial education and manufacturing technology.

(a) Adult and Remedial Education

DIVISION(S): Programs, Policy and Planning

STAFF: Bev Waldrop, Ivan Lach, Carol Lanning, Virginia McMillan, Scott Parke, Barb Risse, Yvonne Singley

ACTIVITY	TIME LINES	STAFF	STATUS
1. Conduct a survey of the curricula in adult education, ESL, and remedial/developmental education in the community colleges in Illinois.	March 1996	Waldrop Singley (Risse) Parke Lanning McMillan	Following the pilot testing of the instrument, the two surveys (one for adult education and one for remedial/developmental) have been sent to the field with a return date of 1-30-97. The data will be summarized and analyzed during February.
2. Conduct an analysis of adult education, ESL, and remedial/developmental education enrollment.	March-April 1997	(Risse) Lanning Parke	Cross-sectional data tables have been produced. The cohort for longitudinal student tracking has been identified.
3. Work with a task group to analyze the current adult education and remedial/developmental education curriculum at community colleges in Illinois.	June 1997	Lach Waldrop Singley (Risse) Lanning	Task group will be formed following analyses of survey information.
4. Analyze effective models of integrating adult education and remedial/developmental education curricula both in Illinois and other states.	July 1997	Waldrop Singley (Risse) Lanning	Collection of models from other states has begun and will be reviewed during December and January.

ACTIVITY	TIME LINES	STAFF	STATUS
5. Work with task group and ICCB Program Advisory Committee to develop a model integrated curriculum for adult education and remedial/developmental education.	June 1997	Lach Waldrop Singley	
6. Disseminate the model integrated curriculum to community colleges and pilot test at five or more colleges.	September 1997	Waldrop Singley	

WORK PLAN

GOAL: TEACHING/LEARNING

OBJECTIVE #4b: To improve curriculum by development of statewide curricula models for adult and remedial education and manufacturing technology.

(b) Manufacturing Technology

DIVISION(S): Programs

STAFF: Darcy McGrath, Lynn Burger, Ivan Lach, Preston Morgan (in conjunction with IBHE and ISBE staffs)

ACTIVITY	TIME LINES	STAFF	STATUS
1. Define scope of project and identify priority occupational areas within manufacturing/ industrial technology.	July-August 1995	Lach Burger McGrath Morgan	Completed.
2. Compile information and resources (e.g., existing model curricula, labor market information, skills standards, current Illinois curricula, etc.)	July-October 1995	Burger McGrath Morgan	Completed.
3. Convene panel to develop draft model articulated curriculum, obtain input/endorsement from manufacturing subcouncil of the Illinois Occupational Skills Standards & Credentialing Council, and obtain panel approval.	January 1996- February 1997	Lach Burger McGrath Morgan	Panel has been meeting since 4/96.
4. Circulate draft model curriculum for system review.	March 1997	Burger McGrath Morgan	

ACTIVITY	TIME LINES	STAFF	STATUS
5. Revise draft model curriculum to incorporate input and obtain approval of panel; steering committee; and ICCB, IBHE, and ISBE.	June 1997	Burger McGrath Morgan	
6. Disseminate adopted model curriculum.	July 1997	Burger McGrath Morgan	

WORK PLAN

GOAL: TEACHING/LEARNING

OBJECTIVE #5: To improve transfer of community college course work to other colleges and universities.

DIVISION(S): Programs, Policy and Planning

STAFF: Ivan Lach, Lynn Burger, Darcy McGrath, Virginia McMillan, Preston Morgan, Scott Parke, Barb Risse, Yvonne Singley, Susan Strbljan, Bev Waldrop

ACTIVITY	TIME LINES	STAFF	STATUS
1. Complete the list of statewide articulated courses that meet the Illinois transferrable General Education core curriculum requirements.	June 1996	Singley	IAI panels met and list of articulated general education courses was developed. This list was sent back to each college for further review.
2. Complete the articulation of major field requirements in business, psychology, education, art, music, and nursing.	July 1996	Lach Risse Singley Waldrop Burger (Vespa) McGrath	All but Art were completed in October 1995. Art was completed in April 1996.
3. Complete the articulation of major field requirements in computer science, special education, biological sciences, agriculture, and criminal justice.	July 1997	Lach Singley Risse Burger (Vespa) Morgan	Agriculture and criminal justice were completed April 1996. Computer science and special education were completed in November 1996.

ACTIVITY	TIME LINES	STAFF	STATUS
4. Complete the list of statewide articulated courses in all of the major fields that have been articulated.	June 1998	Singley	A list of courses was submitted by each college and university to the articulation panels in October 1996.
5. Conduct study of community college transfer student success.	December 1995- December 1997	McMillan Parke S. Srbijan Lanning	Scheduled for 1997. Systemwide computer programs for completing the new IPEDS Graduation Rate Survey will be completed in conjunction with this project.

**GOAL: STUDENT ACCESS AND OPPORTUNITY
TO ENSURE THAT ALL ILLINOISANS HAVE ACCESS TO HIGHER EDUCATION
OPPORTUNITIES.**

OBJECTIVES:

1. To expand offerings on the technology/telecommunications networks.

Starting Date: July 1995

Completion Date: June 1998

Evidence: Continued funding; faculty training and support; statewide policy development; reduction of line charges; and extension of course offerings.

Status As of December 30, 1996: Capital funding for telecommunications and technology enhancement included in fiscal year 1997 budget request; money was appropriated, but bonding capacity was not extended in spring session. Technology support grants (\$4.65M) were funded for fiscal year 1997. Continued negotiations with telephone companies have resulted in reduction of rates by four major companies. Consortia administration HECA grants include funding for professional developments courses during the fall term 1996. This represents a major increase over a year ago. Month taking telecommunications courses during the fall term 1996. Recent data from the colleges and universities indicated approximately 8,000 students meetings with consortia directors and staff visits to consortia steering committee meetings are identifying policy issues. A statewide interconnectivity plan for the interactive video system is being developed. A statewide technology task force is being reconvened.

2. To provide upper-division and graduate programs offered by cooperating colleges and universities on community college campuses.

Starting Date: July 1995

Completion Date: June 1998

Evidence: Availability of programs.

Status As of December 30, 1996: Upper-division and graduate program offerings have been identified. Programmatic needs assessment is being conducted.

3. To increase the percentages of hard-to-serve and diverse populations recruited and retained in Illinois community colleges.

Starting Date: July 1995

Completion Date: June 1998

Evidence: Implementation of strategies to reduce or remove barriers.

Status As of December 30, 1996: A Student Support Grant initiative was funded in the fiscal year 1997. A new ISAC grant program was developed. Strategies were developed for expansion of opportunities program. Staff are participating in the Multicollege Project on Diversity. A study of remedial/adult education is being conducted. Interagency discussions are taking place on coordinated processes for One-Stop Career Centers. Information to other social service agencies and providers about opportunities for their clients at local community colleges has been enhanced through the program and workforce brochures, program guide on the ICCB Website, system services folders, and radio and TV spots.

WORK PLAN

GOAL: STUDENT ACCESS AND OPPORTUNITY

OBJECTIVE #1: To expand offerings on the technology/telecommunications networks.

DIVISION(S): Policy and Planning, Programs, Executive (in conjunction with IBHE and ISBE staffs)

STAFF: Virginia McMillan, Lynn Burger, Ivan Lach, Carol Lanning, Yvonne Singley, Mike Srbijan, Walter Woodhull, Manager of Telecommunications Networking

ACTIVITY	TIME LINES	STAFF	STATUS
1. Review statewide transmission standards.	June 1996	(Hart) McMillan	Completed. Interconnectivity standards proposed by technical workgroup have been adopted.
2. Review network engineering design.	June 1997	(Hart) McMillan	Telecommunications network design was reviewed in conjunction with interconnectivity. Regional consortia are proposing network redesigns with their HECA Telecommunications proposals.
3. Review desktop video influences upon classroom video.	June 1997	(Hart) McMillan	Being reviewed in conjunction with interagency projects.

ACTIVITY	TIME LINES	STAFF	STATUS
4. Monitor progress of line price reductions.	Early 1996	(Hart) McMillan	Several meetings with BHE/ICCB Telecommunications Task Force, Illinois Commerce Commission, state agencies, major telecom providers, and other related groups have been conducted to better understand and actively participate in the industry changes created by the new federal telecom law. Work continues toward improving both the state's rural access to higher speed networks at lower costs, as well as the state's metropolitan areas progress in unprecedented increased provider offerings. Major efforts to influence new federal rules and regulations have occurred.
5. Further educate and facilitate consortia regarding provider offerings and negotiated price breaks.	October 1995- July 1996	(Hart) McMillan	Meetings with Regional Consortia Directors are held on a monthly basis.
6. Meet with telecommunications and alternative providers to facilitate cooperation and actual discounts.	October 1995- January 1996	(Hart) McMillan	Meetings have been held with several providers of voice, data, and video. Results of an RFI for internet dial-in access were disseminated to the system.
7. Follow pricing influences regarding video site growth, hardships, etc.	1996-1998	(Hart) McMillan	The ability to conduct this activity was, influenced by the inability to expand video sites due to lack of capital funding. It has, therefore, been postponed until 1997-98.

ACTIVITY	TIME LINES	STAFF	STATUS
8. Improve regional/statewide and define future/ legacy systems interconnectivity.	1996- 1998	(Hart) McMillan	Major emphasis has been placed on interconnectivity for the past four months. Regional consortia plans for interconnectivity are being reviewed by the consortia technology workgroup, and proposals will be included in HECA proposals.
9. Evaluate the need for training centers in the state and determine funding for consortia accordingly.	1996	McMillan Lanning (Hart)	Feedback from consortia on professional development resulted in HECA funding being awarded to two training centers.
10. Encourage consortia to utilize technology/telecommunications for high need, high cost, low enrollment courses and programs through consortia meetings and HECA grant reviews.	1996	McMillan Lanning (Hart) Lach	Has occurred through consortia visits, accountability/productivity/program review recommendations.
11. Promote model instruction which utilizes technology/telecommunications at appropriate conferences.	1995 1996 1997	Singley McMillan	Community college faculty presented at 1995 and 1996 Teaching and Learning Conferences. Use of technology by faculty will be the theme of the 2/97 Regional Consortia Conference.
12. Seek funding to expand offerings.	October 1995- June 1998	(Evans) Woodhull McMillan M. Srblijan	Funding for technology initiatives was included in FY97 appropriations and again in the FY98 budget request. Discussions have occurred with DOD regarding military offerings through technology.
13. Identify issues concerning courses and programs and work cooperatively with agencies such as IBHE, ISBE, ISAC, and others to resolve.	1996-97	McMillan Lach Lanning (Risse) Burger	ICCB/BHE staffs have met with college/university reps to identify issues.
